All websites pertaining to the Principality are required to be approved by the Ministry of Electronic Communications with final approval by the authority of HRH on the Ministry's recommendations. It is however noted that few, if any, Sites are required or will be approved. In most cases, any information that a Representative requires may be published on the Principality website.

All websites will deal only with the business and matters of the owner's Office and no more.

Websites will provide a link to the Home Site of the Principality and no other links are to be included outside of the Home Site, without special consent from the Ministry. This consent may be applied for on an individual basis, though permission will likely often be refused. This is a matter important to the Security of this Nation and for the protection of the public at large due to the number of illegal and unscrupulous dealings that have been uncovered in recent times amongst some of our removed Reps and Officers and of course the charlatans out there that claim to represent this Principality. All linking and control of those links and recommendations will be provided by the Principality Government via its website. Should someone wish to provide a link to the PHR Military then this may be achieved by providing a link to the PHRDF section of the Home Site and from there Links are provided to the relative areas of the Defence Forces, the same applies with most other sections and operations of this Principality.

All active Reps will eventually be issued with and will use, and only use, a Principality domain e-mail address that will be issued pertinent to the office held by the Rep. These mail accounts are 100mb in size and include automatic SPAM and anti-virus protection from our ISP, there are no charges for this account. This is also a primary security control matter again, to reduce the potential for criminal actions by persons claiming to be from the Principality. If a person is not using our domain address then it is most likely that they are not of this Principality...simple, and this fact is published so as to advise the public.

Foreign language translations of information including some historical information concerning the Principality or a reps appointment may be desired; This will need to be discussed with this Office and will need to be approved so as to make sure the info is correct, as there is so much incorrect information out there that much contradicts and many untruths are propagated. These translations may be placed on the Home Site and linked to from the Representative’s Contact details.

All emblems used for any purpose will need to be approved ones and are available on request from the PHR webmaster's office, just email.

Office of the Minister
Ministry of Electronic Communications
PRINCIPALITY of HUTT RIVER

Web: www.principality-hutt-river.org/gov

Representatives & Officers - Principality of Hutt River
Electronic Communications Regulations 2008 (Rev 02 2011)
• The name of the country is the "Principality of Hutt River", generally shortened to PHR though "HRP" is still in limited use. Please ensure that is the name always used in order to reduce confusion. See:... [http://www.principality-hutt-river.com/PHR_Naming.htm](http://www.principality-hutt-river.com/PHR_Naming.htm)

• No Representative or Officer of PHR will register any form of PHR e-mail hosting; the only Principality e-mail hosting will be by the Principality.

• No Representative or Officer of this Principality is to use any form of Social Networking or self promotion Site i.e. Facebook, MySpace, LinkedIn etc to portray or promote the position or Office of the account holder. In simple terms, these sites are not to be used to promote a person’s appointment or position with PHR and therefore PHR is not to be involved in the content in any way! Any such action will be seen as a breach of State Security! It should be noted that neither HRH nor PHR itself hold any such accounts despite what claims may be found.

• Representatives should keep themselves up to date on happenings in the Principality by regular visits to the Principality website. www.principality-hutt-river.com the Government Site Section may be found at www.principality-hutt-river.org/gov Visiting the “NEWS” and “CALENDAR” pages at www.principality-hutt-river.com will show all new or updated actions across the site, including the Government section. The website is updated at least weekly and usually much more often.

• Any questions, please do not hesitate to ask, we are here to assist in helping matters run smoothly!

Issued by:

Sir Steven G.P. Baikie ADC, KGCRO. DipEng (Electronics)
Acting Minister of Electronic Communications

By Authority!
HRH Prince Leonard
SOVEREIGN
